Mr. and Mrs. John G. Wood have returned from a pleasant trip to Mobile, where they attended the reunion.

At 12:20 o'clock this morning three shots were fired at some point on Garden street, between Palafox and Spring streets, but no one was found who could tell anything of them. Two policemen tried to locate them, without success. Several parties were in the immediate neighborhood and believed that some citizen was firing at rowlers in the premises.

Halley's comet was seen plainly yesterday, moving by number of people. The celestial visitor is quite near the morning star, and the "tail" is now clearly perceptible to the naked eye. It may be clearly seen at 4 a. m.

Train No. 2, due at 9:45 o'clock last night, was posted as six hours late, and was expected at 4 o'clock this morning. This was on account of waiting for S. A. L. connections at River Junction.

Under the personal direction of Gardner E. A. Kemble, work of improving Seville square was started yesterday, the appropriation allowed the park commissioners having been given back to the board of works.

Mr. George Marble left Thursday night for Michigan in response to a telegram stating that his mother, Mrs. H. D. Peirce, was not expected to live. Mrs. Peirce has spent the past thirty-three winters in Pensacola, and has many friends here who will anxiously await further news from her.

Mr. and Mrs. F. J. Ketterer left Thursday for Norfolk, Va., where Mr. Ketterer will await further orders from the navy department at Washington. Their recent marriage was an event of much interest among their many friends here.

Friends of Judge Benkin Jones will be pleased to learn that he is now recovering from his recent illness, and hope to see him on the streets again soon.

W. H. Helton will give a celebration and picnic at Hut's Cove, four miles below Millview, on May 6. Candidates and their friends are especially invited. The affair is in the nature of a celebration of their new settlement and will be free. Refreshments will be served.

AFTERNOON TEAS

Z. WITHERSPOON DIDN'T STEAL PAINT

Fourteen cases were disposed of in the city court yesterday, the fines amounting to \$33. Five defendants were discharged and three were bound over to the county authorities. Zeb. Witherspoon, the negro boy who was held as a dangerous and suspicious character in connection with the disappearance of four gallons of paint from a residence under construction at Fisherville, proved his innocence and he was discharged from custody. Butts, the other negro, was bound over to the county court. Sara Williams, charged with the theft of a diamond pin, was also bound over, and Ray Jolly, charged with loitering and being a "no-count nigger" anyway, was turned over to the county tribunals.

ALL ARRANGED FOR OUTING OF VET. FIREMEN

ROUTE AND FORMATION OF PARADE SETTLED AT MEETING OF ASSOCIATION, AND DETAILS ARE CLOSED UP.

Practically everything was arranged finally for the annual outing of the Volunteer Veteran Firemen's Association at a meeting of the association which was held last night, and the only regret of the evening was a telegram from Judge Charles B. Parkhill to Secretary Murphy notifying the association through that officer that he would be unable to attend. The telegram stated that it would be impossible for him to be here on May 3. Letters were read from Gov. A. W. Gilchrist, who stated positively that he would be here, and from Col. Allen, commanding Port Barrancas, who said that it was possible for him to leave the post he would be here; a letter was also read from the secretary of the Woolsey Hook and Ladder Company, accepting the invitation tendered and notifying the local association that they would come fifty or sixty strong, in uniform.

The committee reported upon the replies given by Rear Admiral Young and Col. Allen, respecting the military representation from each of the army and navy stations here. Col. Allen promised 260 soldiers and the band of 22 or 24 pieces, while Rear Admiral Young said he would order here about 60 marines and the Marine band of 14 pieces.

L. L. Hughey and James Leonard were appointed by the grand marshal to escort the queen and maids, while Charles Turner and Dr. Kennedy were named to receive and escort the Woolsey Hook and Ladder Company.

Route of Parade.

The route of the parade will be as follows: Start at the head of Palafox wharf at 9:30 o'clock, and move north to Cedar street, thence east to Jefferson street, thence north to the city hall, where the mayor will welcome and crown the queen of May. From the city hall the parade will start northward again, to Government street; thence west to Palafox street; thence north to Wright street; thence southward to Gregory street from Wright street on Palafox; thence west to Barcelona street to Barcelona; thence south to Chase street; thence east to Spring street; thence south to Garden street; thence east to Palafox and disband.

The formation was made as follows:
1—Sheriff and Deputies.
2—Marshal and Police.
3—Grand Marshal and Aides.
4—Governor Gilchrist, in automobile.
5—City and County Officials, in carriages.
6—Eighth Artillery Band.
7—U. S. Troops.
8—U. S. Marines and Sailors.
9—Queen of May and Maids.
10—Sponsors Fire Departments.
11—School Children.
12—Woolsey Hook and Ladder Company.
13—City Fire Department.
14—Veteran Volunteer Department.
15—Wyer's Band.
Floats, automobiles, bicycles, etc., the association extending invitations to owners of autos to appear in line of parade with machines decorated.

Automobiles will be provided for

Col. Allen, family and staff, and also for Rear Admiral Lucien Young, family and staff, and should those officials consent, they will be taken over the entire route of the parade. Admiral Young, however, gave the committee his assurance that he would come with his aides, all in full dress uniform, and said that he wished to view the parade from a given point. Should it be found impracticable for him or the commanding officer of Port Barrancas to view the city from the line of parade as mapped out, they will be provided with seats at the city hall, where the entire line will pass about 10 o'clock.

Immediately upon disbanding at Palafox and Garden streets, the soldiers, marines and sailors will be marched to tents on Intendencia and Baylen streets, where lunches will be served. A contract was closed last night for upward of seven hundred sandwiches for the soldiers.

Capt. Dixon B. Reed and Dr. A. M. LeFrancis were named to escort sponsors of present and former fire departments. There are three ladies in the city who are to be invited at once to ride in the parade, and in a carriage to be provided by the association, while the Woolsey department will bring along their sponsor.

All the members of the association are working just as hard as possible for the success of the day, and in the matter of transportation, the committee having such in charge reported last night that Manager Warren of the Pensacola Electric Company had already rendered valuable assistance and advice, and was personally interesting himself in giving the best transportation service possible.

Messrs. O'Connell, Oertling and Pat McHugh (chairman) were named to induce Bennie Dunham and wife to give a public exhibition at the picnic grounds.

Ticket headquarters are to be at Jas. McHugh's grocery, but they will be on sale at the terminal station and at the office of J. N. Andrews, on North Palafox street.

BARACAS HELD FINE MEETING

PENSACOLA BARACA UNION

HELD ITS SEMI-ANNUAL MEETING LAST NIGHT AT THE Y. M. C. A. ELECTION OF OFFICERS OCCURRING.

One of the most successful meetings of the Baraca Union was held at the Y. M. C. A. last night. This is practically a new organization in Pensacola, having only been organized about one year. It has, however, to its credit some of the best Christian work that has been accomplished in this city.

The retiring officers, who are J. A. Hainje, president, C. Wolfe, vice-president, J. E. Walker, secretary-treasurer, are due a great deal of credit for their earnestness in this work.

The attendance at last night's meeting was eminently satisfactory, all showing deep interest in the work. It is safe to say that the new officers will conduct their work in the best possible manner, which will mean a great deal to this city as well as to the surrounding territory.

DISPROVEN CHARGE THAT HE IS CRAZY

Dr. L. DeM. Blocker yesterday afternoon at the county jail with others made an examination of Maurice Budd, white, who was arrested a few days ago at his home near Gouiding and locked up on a "lunacy" charge. Budd easily showed that he was not a crazy man, and was immediately ordered released. The jail officials never once thought that he was a lunatic after he had been locked up.

EDWARD P. WESTON, MAYOR GAYNOR AND NEW YORK CITY HALL

New York, April 29.—The record breaking walk of Edward P. Weston from the Pacific to the Atlantic ocean is fast drawing to an end, and, while thousands have greeted him through the west and middle west, it has remained for New York state to turn out by the tens of thousands to cheer him along his way. Weston, who is more than ten days ahead of his schedule time, will be greeted at the city hall, New York, by Mayor Gaynor, who is not only a friend of the veteran pedestrian, but somewhat of a champion walker himself.
